## New staff member— Geoff—Travel Desk

Hi,

I am so happy to be on board at Work and Travel Company. I have worked in the Travel Industry for nearly 10 years now and 'LOVE' my job! As I have basically turned my passion for travel into my career. I

started my adventure and new career path off in Japan living in Tokyo and from there I went over to the UK where I used to work for Thomas Cook Travel which is where it all started.

I have also lived in Tasmania and on Great Keppel Island. Even though I have travelled to over twenty or so countries now I still like to call Australia home. Australia and New Zealand offer some of the best travel adventures one can take in from the Great Barrier Reef to the Red Centre. I have been to Fraser Island more times than I can count and I have also been to the Red Centre three times and the Top End on the Ghan—one of the world’s greatest Train journeys from Top to Bottom. My two favorite places in Australia are definitely Fraser Island and the Red Centre often referred to as Uluru. I have driven up the East Coast a number of times and love chilling in Byron Bay and Airlie Beach and heading out to the Whitsundays for few a days of snorkeling, scuba diving and soaking up a tan in Queensland. I love my job and look forwards to meeting you in person and sharing my experience with you. I also am happy to let you in on some of Australia’s best kept secrets whilst your down under and I look forward to seeing you some time soon here in Sydney.

Geoff
